

We would like to inform you of a pricing adjustment effective Monday 1<sup>st</sup> October 2018. You will see varying levels of adjustments across our range of products, with a number increasing by 3%.

We have seen a steady increase in a number of inflationary measures over the past year, a trend expected to continue through 2019. With every effort made to mitigate any increases we have worked to keep this adjustment to a minimum.

Could you please advise your database administrators to provide your price file for updating and uploading into your associated branch systems.

Brooks has and will continue to deliver high quality products and solutions to you and your customers. We thank you for continued support and we look forward to working with you into the future.

Yours Sincerely,

**Shane Sweep**
