

1st October 2018

Dear Valued Customer

Over the past year we have incurred significant cost increases from our suppliers. These costs necessitated two price increases specifically for Nylon products due to the global shortage of Nylon 66. During this time, despite rising exchange and material costs we have held the price on all other product groups steady resulting in a significant impact on profitability.

Accordingly and within the terms of our trading agreement, I hereby advise increases of between 0 and 15% per the attached price file. These increases will take effect on the 1st of November, 2018.

Yours sincerely

Yours sincerely

Chris Grawich
General Manager Cabac
