3<sup>rd</sup> December 2018

To All Our Valued Customers,

**Re: Adjustments to Selling Prices**

With the ongoing decline in demand for magnetic control gear, the cost to manufacture these products in Australia continues to increase. As a function of this, we have been advised of yet another price increase from our supplier.

Accordingly, we will be adjusting selling prices for all CMP magnetic products from Wednesday January 2<sup>nd</sup> 2019.

We see this as paramount to our ability to continue to provide the proper service and stock levels that you have come to expect over the years.

An updated price file is also attached, effective for all orders placed from January 2<sup>nd</sup>.

Should you have the need to discuss these changes, please feel free to make contact with either myself or your local representative.

Thank you for your ongoing support.

Regards,

Andrew Cooper  
Managing Director  
Elpower Pty. Ltd.
