5th October 2018

Dear Tracy,

Re: Notification of Price Increase – Esco Industries and Masrap MediTek

We are no longer able to fully absorb the continual rising material and labour costs experienced over the last five years and as such need to implement our first price increase in that time.

An increase of 7.5% has been added to trade prices for all Esco Industries and Masrap MediTek products, please see attached upload files for your system. As per our trading agreement, a 30 day notice period will apply meaning the price increase will take effect on Monday 5th November 2018.

We appreciate your understanding and ongoing support and look forward to continuing to grow the relationship.

Regards

Tyson Collins
National Business Manager
