## Notice of Price Rise – Effective December 1, 2017

To Our Valued Customers,

The Australian Wiha cost structure had been negatively impacted by a price increase from Wiha Germany on February 1, 2017. This increase was a minimum of 5% across the range, with some items increasing above this amount.

Our last price review to the market was back in June 2016 and we are now unable to absorb the cost increase. On top of this both our freight suppliers have passed on increases to us, claiming increased costs in fuel, registration and wages.

We now need to advise you that some of the Wiha Tool ranges will increase in price:

- VDE Torque Tool Kits - no increase
- VDE Tool Bag & Case sets - no increase
- VDE Slim Bit range - no increase
- Parts of the VDE Plier range - no increase
- Most other ranges - 5% increase
- Some individual items - 9.5% increase

The price increase will be effective for orders placed on or after Friday December 1, 2017. For further information please contact our Customer Service Team at [sales@gvk.com.au](mailto:sales@gvk.com.au) or alternatively your local representative.

We appreciate and thank you for your continued support,

Best Regards,

Tom Kinsman
