

21st December 2017

Dear Valued Customer

Announcing Hager Electro Price List, 1st February 2018

Over the past 12 month's Hager Electro have released many new products to support and expand our residential and commercial solutions.

An Excel pricing file is attached to this communication to scope the products that are now available from Hager Electro and to notify you of our general price increase effective from 1st February 2018. Hager will be increasing its trade pricing across the existing range by an average of 2.0%.

Could you please advise your database administrators to install the file into your system/s and all associated branch system's.

Also where applicable, please notify any relevant members of your wholesale group, so that everyone is aware of these upcoming changes.

All above changes and the new price list will take effect on the **1st February 2018**.

Please note that for commercial and residential projects, Hager Electro will continue to provide full value added solutions.

Do not hesitate to contact me should you require further commercial clarification. You can also contact Francois Peyrachon, Marketing Manager, at francois.peyrachon@hagerelectro.com.au or on (02) 8867 7631.

Regards,

Phil Spiteri
National Commercial Manager
Hager Electro Pty Ltd
