

## 2018 General Trade Price Notification

March 2018

Effective 30<sup>th</sup> April, 2018, Legrand Australia will be implementing a price adjustment to the existing product portfolio. The escalation of global material prices, and commodity lead times, continue to make their impact to an extent where it necessitates active measures to ensure ongoing product quality and service performance.

The adjustment will vary by product category as we attempt to minimise the overall impact to our customers. Following detailed examination of our ranging and product portfolios we are able to keep this amendment to a weighted average less than 2.9%.

Legrand is proud of its manufacturing heritage & prowess and will continue to lead the market as Australia's most diverse local manufacturer and supplier of electrical products and components.

Your dedicated Legrand representative will be contacting you shortly to outline the schedule in greater detail.

As always, we thank you for your business and your continued support.

Sincerely,

A handwritten signature in black ink, appearing to read "Peter Ashurst", written in a cursive style.

Peter Ashurst

General Manager – Trade Sales
