

To: **The Milwaukee Team**

Date: **18th January 2018**

Dear Valued Milwaukee Partners,

Please be advised that there will be a price adjustment on selected Milwaukee products from the 1st April 2018.

This adjustment will include both small increases and decreases (and in some instances, no change) to our pricing and is driven by the changes we have experienced in costs to our business - please be assured that we have considered our pricing adjustment with a view to continue to offer the best value for money for our users.

We look forward to delivering the new Milwaukee product price file to you before the end of January 2018.

Best regards,

James Ballantyne
General Manager – Sales & Marketing
Milwaukee Tool Australia.
