

Monday 2nd October 2017

Dear Valued Customer,

As your trusted supply partner for Siemens Low Voltage Products, Ramelec wish's to advise there will be a new price file issued effective Monday the 6th of November 2017.

The pricing review and file is directly related to changes as notified by Siemens in response to annual global price reviews. The average increase on most items is 3.5% however some items that are in their phase out period have increased more.

We have enclosed an Excel spreadsheet with the new trade pricing together with your Net pricing for these products to assist you with your administrative processes.

We would like to take this opportunity to thank you for your business, but more importantly, we look forward to developing and growing the Siemens Low Voltage Products business with your organisation.

Should you wish to discuss any aspect of this notice please do not hesitate to contact the undersigned.

Thanking you in advance for your support and understanding.

Yours Sincerely

Steve Walton

National Group Product Manager
